

RENTAL PRODUCT SOLUTIONS

USA Industries offers a **full line of rental products** designed to reduce project costs and eliminate the hassle of storage and maintenance. When you only need equipment for days or weeks, renting is the smarter choice — get exactly what you need, when you need it, and return it when the job is done.

WHY RENT?

- Don't pay for tools that just sit between projects
- Can significantly lower project costs
- Eliminates year-round storage expenses
- Reduces exposure of loss from theft, corrosion & more
