

From the products we manufacture to the services we provide, USA Industries strives to put our customers first. We want to know what you think about how we are doing.

**Was your order delivered on-time?**

**Was your sales representative responsive to your requests?**

**Would you recommend us to a colleague?**

Your feedback helps us grow, improve, and continue delivering the quality and service you expect. Every response brings us closer to being the best partner for your project needs—ensuring we're always focused on what matters most to you.

We invite you to take a brief survey and let us know how we're doing. At USA Industries, we want to be the first name that comes to mind when you need dependable solutions, fast.

SALES & RENTALS AVAILABLE!

# GRIPSAFE<sup>ST</sup>

## NEXT-GENERATION PATENTED ISOLATION & TESTING PLUGS – ENGINEERED FOR MAXIMUM SAFETY

USA Industries is proud to introduce our patented GripSafeST<sup>®</sup> plug — engineered to significantly enhance operator safety by preventing plug movement and uncontrolled ejection from the moment it is inserted into the pipe. With superior performance compared to conventional plugs, we're confident that the GripSafeST isolation and testing pipe plug is poised to set a new industry standard.

## LINE BLANKS, BLIND FLANGES & PIPE PLUGS FOR ISOLATION & TESTING

When it comes to industrial isolation and testing products, **Think USA Industries!**

Our product line includes the largest selection of isolation and hydro test paddle blinds, blind flanges, and a full range of isolation and testing pipe plugs designed to meet a variety of applications and pressure ratings. In addition, we stock a comprehensive array of bleed rings, rod-out tools, and pipe bevelers—each engineered to deliver precision, durability, and safety on the job. Whether you're preparing for routine maintenance, turnarounds, or critical pipeline testing, we have the tools and components you need to get the job done efficiently and safely.

SALES & RENTALS AVAILABLE!

## INVENTORY MANAGEMENT SOLUTIONS

Our EZ Store Inventory Containers<sup>™</sup>, EZ Lock Blind & Blind Flange Racks<sup>®</sup>, and EZ Store Blind Flange Racks<sup>™</sup> are designed to keep your piping isolation products organized, secure, and easily accessible on-site. These innovative storage solutions play a vital role in reducing inventory losses and theft, while significantly improving employee efficiency, safety and jobsite productivity.

SALES & RENTALS AVAILABLE!

In addition, we provide tailored inventory management services—both onsite and remote—to streamline your operations. Our customizable programs help lower operating costs, minimize downtime, and allow your team to stay focused on what matters most: building, repairing, and maintaining your facilities.

## TUBE/BOILER/CONDENSER PLUGS

We offer the industry's most comprehensive selection of tube and boiler plugs. From our premium Snap It<sup>®</sup> plugs to our extensive range of metal tapered plugs — from TP1 (1/4" 18 gauge) to TP22 (3-1/4" 23 gauge) — available in over 20 different metals. In addition, we provide cork, wood, fiber, rubber tapered, and expandable plugs. Need something specific? We can custom-manufacture plugs to meet your exact specifications.

WE ARE AVAILABLE 24 HOURS-A-DAY, 7 DAYS-A-WEEK, 365 DAYS OF THE YEAR!

## ORIFICE PLATES

USA Industries manufactures each orifice plate to meet or exceed standards by AGA, ISA, ANSI, ASME and API recommendations.

Stocked plates include 304 & 316 stainless steel in 1/8" and 1/4" thicknesses. Other material and/or thicknesses are available upon request.

We typically bore our plates to the customer's supplied sizing calculation; however, we can provide sizing calculation services to you for an additional fee.

## HEAT EXCHANGER TOOLS & TOOLING

Since 1982, USA Industries has been manufacturing heat exchanger tools and equipment in Houston, Texas. Our comprehensive line of products is designed to support every phase of maintenance and operation—whether you're building, repairing, replacing, testing, cleaning, or plugging heat exchangers.

Manufactured under our ISO 9001:2015 Quality Assurance Program.
