

Heat Exchanger Tools & Tooling

from the USA's Leading Manufacturer & Supplier of Tube Plugs and more!

TUBE INSTALLATION EQUIPMENT:

Model 850
Roll Motor

We're your one-stop-shop for heat exchanger tools. With USA Industries, you'll get the job done with top quality tools at competitive prices. Grooving tools, expanders, guides, brushes, roll motors, flares & micrometers.

CUTTERS & PUNCTURING TOOLS:

Quickly cut several tubes with USA Industries' One-Rev Cutter, internal tube push cutter and boiler tube cutters. We only sell the highest quality products, suited for your toughest tube-cutting applications.

PIPE BEVELERS

USA Superboiler T5

Lightweight, yet powerful pipe bevelers from USA Industries with easy set-up and speed of operation. Versatile, robust and extremely powerful. Available as electric or pneumatic to electric conversion kit.

TUBE REMOVAL EQUIPMENT:

Captain America Tube Puller

Do you need pullers, collapsing or knockout tools? We carry a variety of products that cater to your project needs. Ask us about the Jenny, Spear Tube, Hollow Core and Collet pullers, plus more.

TUBE TESTING EQUIPMENT:

VLD
Leak Detector

Quick and painless leak detection guns utilizing vacuum and pressure technology to create a quick seal for testing pressure. Shorten your test cycle with these near instant leak testing tools, saving you time and money.

TUBE CLEANING EQUIPMENT:

CG625/1250
Tube Cleaning Gun

Compact, powerful, reliable and easily maneuverable units used to clean straight and curved tubes in heat exchangers, condensers and boilers. Devices available as electric, pneumatic, or fast shot.
