

“Best-In-Class” Tube Plugs

from the USA's Leading Manufacturer & Supplier of Tube Plugs

SNAP IT™

JR & SR
ENGINEERED TUBE PLUGS

USA Industries' Snap It tube plugs are the safest, fastest, and most cost-effective way to plug leaking heat exchanger tubes. Our Jr. mechanical plug is rated up to 1,000 PSID, while our Sr. plug is rated up to 7,000 PSID.

BENEFITS:

- No tube sheet, tube, joint or ligament damage
- No welding needed, meaning quicker installation times, and reduced labor costs
- No need to remove rear cover with through-the-tube plugging (Jr.)
- Broad range of sizes and availability in any exotic or standard metal
- 100% lot tested to ensure highest quality
- Provides a leak free helium seal to 1×10^{-9} c/sec
- No leaks, no worries!
- Installation and removal tools can be purchased or rented

INDUSTRY COMPLIANCE:

- Manufactured with ASME/ASTM certified materials
- ASME PCC-2-2018

STANDARD TAPERED PLUGS:

1. Metal
2. Two-piece Metal
3. High & Low Pressure Expandable
4. Threaded Metal
5. Cork
