

EZ LOCK BLIND RACK®

**READY TO SHIP 24/7 / 365**

Managing large inventories of blinds — whether storage, transport, or loss prevention — has always been a challenge. As the industry leader in industrial isolation and hydrotest blinds, both purchased and rented, USA Industries understands what it takes to organize and maintain inventories of any size. The **EZ LOCK BLIND RACK** is engineered to solve these challenges by reducing loss and theft, improving transport security, minimizing the risk of personal injury, and more.
